For every new idea there are 20 experts to explain in detail why it will fail. The man with the impossible idea who is too "stupid" or stubborn to listen can, with hard work, make a living with his idea and might even advance civilization a notch. Observe the crazy Robert Fulton, Thomas Edison, Marconi. and the man in your neighborhood running his own small business in this day of the giant corporations.

ROCHESTER WOMAN'S CLUB MONTHLY MEETING

A reception for the teachers was held at the regular monthly meeting of the Rochester Woman's Club Tuesday, October 4th. A supper was served at 6:30 to the teachers, Superintendent Austin and officers of the club. At 8 P. M. guests and members enjoyed a talk by Mr. Austin on the plans and work accomplished for the regional high school, involving the 5 towns of Rochester, Freetown, Lakeville, Berkley and Carver. The main speaker of the evening was Miss Bertha Hughes, representative of H. P. Hood, who spoke on the subject, "After '35 What", pertaining to length of life now and in the past.
